FOR FISCAL YEAR 2021 (beginning 10.1.2020)

to be filed with:
Office of the Attorney General
Charitable Trusts Unit
33 Capitol Street, Concord, NH 03301-6397
603-271-3591

Section 1: ORGANIZATIONAL INFORMATION

Organization Name: **Upper Connecticut Valley Hospital**
Street Address: **181 Corliss Lane**
City- County- State NH Zip Code: **Colebrook – Coös – NH – 03576**
Federal ID #: **02-0276210** State Registration # **6289**
Website Address: **www.ucvh.org**

Is the organization's community benefit plan on the organization's website? **Yes, on the UCVH Web site at www.ucvh.org.**

Has the organization filed its Community Benefits Plan Initial Filing Information form? **Yes**

If NO, please complete and attach the Initial Filing Information Form.

If YES, has any of the initial filing information changed since the date of submission? **No**

If YES, please attach the updated information.

Chief Executive: **Scott Colby 603-388-4110 scott.colby@northcountryhealth.org**

Board Chair: **Odette Crawford 802-266-8602 odettethibeaultrealestate@gmail.com**

Community Benefits

Plan Contact: **Celeste Pitts 603-788-5321 celeste.pitts@northcountryhealth.org**

Is this report being filed on behalf of more than one health care charitable trust? **No**

If YES, please complete a copy of this page for each individual organization included in this filing.

Section 2: MISSION & COMMUNITY SERVED

Mission (and Vision) Statement:

“Upper Connecticut Valley Hospital strives to improve the well-being of the rural communities it serves by promoting health and assuring access to quality care.”

Has the Mission Statement been reaffirmed in the past year (RSA 7:32e-1)? Yes

Please describe the community served by the health care charitable trust. “Community” may be defined as a geographic service area and/or a population segment.

Upper Connecticut Valley Hospital is a non-profit, critical access hospital that serves approximately 8,500 residents in 20 towns. UCVH was incorporated as a tax-exempt organization in 1970; since then it has provided both emergency and non-emergency care to the community it serves, regardless of ability to pay.

Through the Fiscal Year 2021 Upper Connecticut Valley Hospital continued to pursue its mission assuring access to quality care. We define quality care as: safe, effective, patient centered, timely, efficient and equitable. Thus, safety is the cornerstone of UCVH’s quality care, especially challenging this year. UCVH continues to play a key role in the response to the Covid 19 pandemic and remains at the forefront of dealing with this crisis in our community. We believe that serving patient needs is best accomplished within a healthy, welcoming and thriving community; therefore, we serve our community by a coordinated effort with the other Affiliates of North Country Healthcare, members of local organizations, community agencies and governing authorities to improve and promote health, and our employees and volunteers by encouraging professional growth and supporting the achievement of their personal goals.

The Upper Connecticut Valley Hospital Community Benefit Program is engaged in many efforts to enhance the overall health and vibrancy of the community in which it operates. The program includes a range of activities such as:

- Preventive Care: Free preventive health screenings for cholesterol, blood pressure, and glucose test, including our first annual health fair held in September 2018 and our annual Walk for Health held in June. It is worthy to note that UCVH’s efforts were significantly curtailed due to the COVID Pandemic. Included in this was the hosting of several American Red Cross blood drives – even during the pandemic period.
- UCVH shifted to offering COVID testing and vaccine clinics with significant advertising and public relations around maintaining safety and the benefits of testing and vaccination. These efforts continued into 2021 and now 2022.
- Health Education: Health lectures to educate and inform our community about nutrition and early detection of disease. In addition, staff and leadership sit on numerous local Boards of Directors for organizations such as the North Country Community Recreation Center, North Country Addiction Coalition and many others. Also included was the launch and maintenance of the UCVH Prescription Food Program, Savvy Caregiver offerings and Golden Years offerings.

- Advocacy: Support to groups and counseling services for substance abuse, weight management, diabetes program, and seniors’ education.
- Emergency Management Planning: Integration of the hospital with community wide emergency preparedness efforts.
- Leadership and Community Service: Senior Leaders are actively involved in community management, relations and collaboration to build an effective and capable community.

Service Area (Identify Towns or Region describing the trust’s primary service area):

The name Upper Connecticut Valley refers to the headwaters of the Connecticut River that is part of the 850 square-mile service area of the hospital, which includes 20 towns: Colebrook, Columbia, Dixville Notch, Errol, Millsfield, Stratford, Stewartstown, West Stewartstown, Pittsburg, Clarksville and Wentworth Location in New Hampshire; Canaan, Averill, Norton, Bloomfield, Brunswick, Lemington, Beecher Falls in Vermont; and Upton, Wilsons Mills and Magalloway in Maine. The Regional Health Profile assessed our population at approximately 8,500 covering 850 square miles.

Service Population (Describe demographic or other characteristics if the trust primarily serves a population other than the general population):

From a demographic standpoint, the greatest number of people residing in our service area are over the age of 45. Coös County Health Status Statistics demonstrate that we serve a population which has the greatest number of people who smoke, die of cancer, and have heart disease and diabetes. Furthermore, the high ratio of low-income population to primary care physician is undoubtedly a major contributing factor to the poor health outcomes, high incidence of chronic conditions and limited access to primary health care that residents of the North Country experience. These challenges motivate us to be the best healthcare resource they can turn to for help.

Section 3: COMMUNITY NEEDS ASSESSMENT

In what year was the last community needs assessment conducted to assist in determining the activities to be included in the community benefit plan? 2019 *(Please attach a copy of the needs assessment if completed in the past year)*

Was the assessment conducted in conjunction with other health care charitable trusts in your community? Yes

Based on the needs assessment and community engagement process, what are the priority needs and health concerns of your community?

	Code	Comment
1	400	Drug/Substance Abuse
2	370	Mental Health
3	420	Obesity/Overweight

4	600	Accessibility (Transportation, Disability, Access to Care, etc.)
5	401/402	Alcohol Abuse
6	101	Affordability

What other important health care needs or community characteristics were considered in the development of the current community benefits plan (e.g. essential needs or services not specifically identified in the community needs assessment)?

	Code	Comment
A	507	Education/Prevention
B	330	Diabetes
C	405/406	Smoke/Tobacco Use
D	300	Cancer

Please provide additional description or comments on community needs including description of “other” needs (code 999) if applicable. Attach additional pages if necessary:

Code 999 Activities (as they relate to Section 4) are as follows:

- Coalition Building – North Country Health Consortium, 45th Parallel EMS, North Country Healthcare Affiliation, Colebrook Regional Development, Borders Regional Development, North Country Community Recreation Center, Coös Economic Development Corporation, School District/SAU 7
- Community Health Advocacy – Accountable Care Organization development for furthering the health of the residents in our community
- Support System Enhancement – Emergency Preparedness activities encompassing the region and other affiliate health care organizations

Section 4: COMMUNITY BENEFIT ACTIVITIES

Identify the Community Benefit Activities and Services provided in the preceding year and planned for the upcoming year. For each activity, indicate the community need (refer to number or letter ranks on previous page) that is addressed by the activity. For each activity, also indicate the past and/or projected unreimbursed costs.
